

Hi everyone and welcome to this creative challenge

This month, is all about Chiringuito Life!

Here on the Costa del Sol, we have many Chiringuito's which are full of colour, cocktails, beach umbrellas and fun! Our Creative Costa images below were taken at the local Chiringuito where I live.

JOURNAL PROMPTS: Before you start creating, take some time to think about walking along the beach and coming across a fun, colourful bar. Full of lovely music, glasses, chatter, colourful decorations and lots more. Imagine yourself taking a rest and enjoying all that this Chiringuito can offer. What are the initial thoughts that come to mind when you think of this?

The Creative Challenge

THE CHALLENGE: Create something inspired by a Chiringuito

Here are some ideas to get you started:

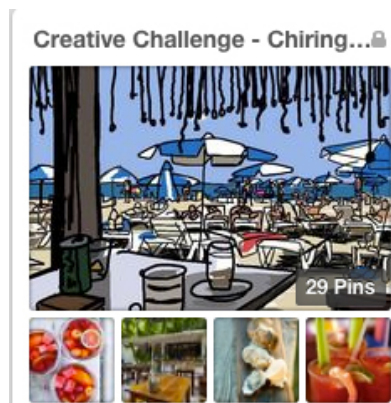

- ❖ Gather photos of a beach bar near you if there is one and share with the group or create your own pinterest board/mood board.
- ❖ When you think of a beach bar/chiringuito, what are the words, feelings and colours that speak to you? Cut these out of magazines or write them out and glue onto your image or just collage them onto a blank piece of paper. Perhaps pick out certain things that you associate with this.
- ❖ With your pencils or paints, create an abstract interpretation of what Chiringuito life might mean to you.
- ❖ Choose a particular element to create - such as the beach umbrella, a cocktail, the look and feel of a beach bar. Let your imagination spark your creativity
- ❖

I am excited to see your creations!

MORE TO COME!

Over the month, I will encourage us all to share our progress with the group using our different materials, so I hope these inspire you to explore further and give you some ideas. All images will be posted into the group here:
